17 November 2015

Subject: **Invitation to the meeting of the UNECE Task Force on Measuring Unpaid Household Service Work**

Dear Ms. Montella,

I am pleased to confirm your participation at the meeting of the UNECE Task Force on Measuring Unpaid Household Service Work taking place on 26-27 November 2015 at the Palais des Nations in Geneva, Switzerland.

The objectives of the meeting include streamlining the draft chapters of the guidebook on valuing unpaid household service work, developing a consolidated position on the specific proposals for the draft chapters, distributing the chapters among contributors and agreeing on the next steps. The meeting will also finalize and discuss how to present the Task Force's work on the inventory of approaches for valuing unpaid household service work. The Task Force members are welcome to present their country case in view of including it as a country example in the guidebook.

Information on registration and other organizational aspects of the meeting can be found in the information note accompanying this invitation. All the documentation for the meeting will be posted at the Task Force's workspace at www1.unece.org/stat/platform/display/HhWork. The meeting will be held in English.

I look forward to welcoming you at the meeting.

Sincerely yours,

A handwritten signature in blue ink, appearing to read 'Andres Vikat'.
